Technical Data Sheet

Release Date
2025

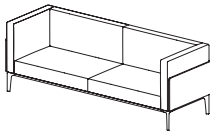

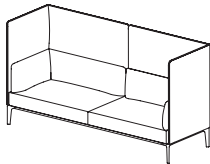

Lounge System is a collection of armchairs and two or three-seat sofas designed to meet the need for comfortable seating in public and private places.

All of the elements of the series feature a metal base painted in pewter grey.

The upholstered elements are covered in fabric or leather in various colours and textures. All components are available in a fire-resistant version.

The model with the tall sides and back, also available in leather, is designed to accommodate individual work or in small groups, providing privacy even in crowded and noisy environments such as lobbies and open-space offices. The sofas with low backs can also be configured in two-sided versions, so that they participate directly with the surrounding environment.

The series also includes armchairs available in two widths. The Lounge System series is manufactured by Molteni&C for UniFor.

HIGH AND LOW BACKREST SOFAS

High backrest sofa

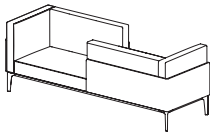

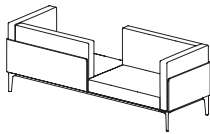

155×79×H123 cm
C MO LO H SDA 2 ..

230×79×H123 cm
